

# Klaipėda – the right location for your Maritime supply chain SSC

It is home to the EU's most northerly ice-free port, providing unparalleled links between Scandinavia, the CEE and China. Klaipėda has strong traditions and talent in the Maritime sector, a fast and reliable business infrastructure, and competitive cost to quality ratio for your office spaces - ticking all the boxes if you are looking for location for your shared service center (SSC).

people working in companies related to maritime industry in Lithuania

>20<sup>000</sup>

working in logistics and transport management

**Maritime**

Academy and Klaipėda University drives these competencies

*Klaipėda's long history as transportation hub in connection to its established maritime university gave us the confidence we needed to establish a Shared Service Center in the city. Also the fight for talent is less intense in Klaipėda than in the Baltic capitals, ensuring better odds for recruiting and retaining good staff.*
